

11 Ton Combo Planisher

Tonnage:	11
Application:	Planishing
Industry:	Aerospace
Frame Style:	Non-Traditional
Special Features:	<ul style="list-style-type: none"> • Bar and Cartridge planishing capabilities • UL Listed electrical system

Custom Features:

- Used for bar- and cartridge-cart planishing in the aerospace industry
- (2) 3" diameter chrome housing posts with graphite impregnated bronze bushings for superior ram guidance and rigidity
- Force accuracy of $\pm 5\%$ for forces under 1000 lbs and $\pm 3\%$ for forces that exceed 1000 lbs
- Stripping capacity: 1 Ton; Throat depth: 6"
- Adjustable-speed, multi-directional drive wheel
- Cartridge cart with mandrel support for cartridges up to 120" long and 250 lbs
- Bar cart with swivel and rest supports for bars up to 60" long
- All electrical components are UL Listed
- Crown mounted power system and reservoir
- Kidney loop filter/cooler circuit with thermostatically-controlled electric fan-powered oil cooler
- Calculated Ram Speeds: Pressing 60 IPM; Return 100 IPM

Common Features on Beckwood Presses:

- Heavy duty box beam design for superior rigidity and modular tie rod assembly utilizing pre-tensioning nuts for optimum performance
- Fully adjustable Parker cylinders with full rated tonnage throughout the stroke
- PressLink Remote Support module for complementary diagnostics & troubleshooting
- Dual linear and pressure transducers in the main ram cylinders for optimal reliability and redundancy
- Allen Bradley or Siemens PLC, programmable control system with touch screen HMI and Recipe Functionality
- Structure designed for Infinite Life in accordance with rigorous simulation analysis through FEA (Finite Element Analysis) design testing
- Backed by Beckwood's industry leading dedicated service and support team
